# BLUE OCEAN Wash

## WATER BASED ALKALINE DEGREASER

### DESCRIPTION:

**Blue Ocean Wash** degreaser is a blue alkaline cleaning agent, dilutable with water. It contains grease cutters, emulsifiers and penetrants for efficient oil and grease removal. **Blue Ocean Wash** degreaser is extremely versatile and can be used safely on most surfaces for removing a wide variety of soils.

### APPLICATIONS:

- Oil casing, Drill pipes, Gearboxes, Engines, Pumps, Compressors, Rig floors and walls, Cables, Tools, Filters etc.

**Blue Ocean Wash** degreaser can be applied by high-pressure foamers and steam cleaning equipment, or simply by hand with the aid of cloth, mop or brush.

### ADVANTAGES:

1. Environmentally responsible.
  2. Biodegradable > 80% OECD 301 B Test.
  3. Flashpoint - Not applicable
  4. Harmful Solvent & Glycol free.
  5. High efficacy.
  6. Economical – concentrated formula.
  7. High foaming.
  8. Free rinsing.
  9. Easily dispersed in foam, high-pressure and steam cleaning equipment.
  10. Automatic demulsification within 20 minutes of usage.
- Saves a lot of cost on waste disposal.

## USAGE GUIDELINES:

For general degreasing:

**Blue Ocean Wash** degreaser can be diluted 12.5 ml per litre (1.25%) with cold or warm water depending on the severity of soil to be removed. Clean with cloth or brush and rinse with water.

## SAFETY PRECAUTIONS:

**Blue Ocean Wash** degreaser contains alkaline material. Wear suitable gloves, apron, boots and eye protection during handling. Avoid contact with eyes and prolonged contact with skin. In case of accidental contact rinse freely with water and obtain medical attention.

Refer to MSDS

## TECHNICAL DATA:

- |                         |  |
|-------------------------|--|
| • Physical State        | Liquid                                   |
| • Appearance            | Clear blue liquid                        |
| • Flashpoint            | Not applicable                           |
| • Danger Symbol         | Irritant                                 |
| • PH at 20% solution    | 10 - 11                                  |
| • Specific Gravity (SG) | 1.02 approximately                       |
| • Solubility in water   | -  |
| • Stability             | Stable to continued freeze / thaw cycles |
| • Packaging             | 25L, 200L & 1000L                        |
